

Exploring the Deep Fall Youth Forum

November 20-25, 2008

Bamfield Marine Sciences Centre
Public Education Program

www.bms.bc.ca, www.oceanlink.island.net,
www.neptunecanada.ca/

Opportunity for grade 11 and 12 students who would like to learn about ocean climate change, seabed chemistry and geology, diversity of deep sea ecosystems and much more.

- Take part in analyzing video footage from deep sea research dives
- Work on website design using video clips
- Attend field trips, lectures and workshops with energetic teaching staff
- Learn about local marine and terrestrial life
- Work closely with marine scientists
- Gain work experience hours and add to your Graduation Portfolio
- Meet new people with similar interests

How to apply:

1. Send a letter outlining your academic and career goals, why you want to participate in work experience at the Bamfield Marine Sciences Centre, and why you are personally interested in the youth forum topic. Also, include information about yourself and your interests.
2. Attach your resume with a minimum of 2 reference letters.
3. Submit your personal information as soon as possible to BMSC deadline by Oct 1, 09

Mail: Public Education Youth Forum, Bamfield Marine Sciences Centre, Bamfield B.C., VOR 1B0

Fax: 250-728-3452, Phone: 250-728-3301 ext 226, email:

youth@bms.bc.ca

Cost: \$600 (GST included) covers food, accommodations, instruction and boat trips for 6 days and 5 nights. Bursary funds are available for students that demonstrate need. Transportation is available from Port Alberni to Bamfield and return thru BMSC with a nominal fee. Spaces are limited and are based on a first come first serve basis so please let us know asap if you will require a ride.
